CONCRETE DISSOLVER

FOR THE REMOVAL OF CEMENTITIOUS MATERIAL

AVAILABLE SIZE: 500ML | 5L | 20L

SCAN FOR DETAILS

DESCRIPTION:

CEMIX® CONCRETE DISSOLVER is a mineral acid alternative, designed to remove hardened, cementitious material, such as concrete, mortar and grout from a variety of surfaces, including tools and equipment.

TYPICAL USES:

CEMIX® CONCRETE DISSOLVER can be used on a variety of surfaces including those that are painted or made of metal, steel, plastic, concrete, brick, clay and timber.

ADVANTAGES:

- Easy to use
- Can be neutralised with water
- Cleans tools and equipment without scratching, scraping or hammering

COVERAGE:

Varies according to the volume of cementitious material.

PREPARATION:

Ensure that the surface is dry before use.

If applying to a larger surface, carry out a small test area first.

APPLICATION:

1. Apply the product with a sprayer or a clean brush.
2. Allow the product to saturate the cementitious material for approximately 5 to 10 minutes. The surface will turn white upon contact but will gradually darken.
3. Reapply as much product as required to reduce the material to a soft mush.
4. Remove the soft mush with clean water at a pressure level appropriate to the volume of mush, surface type and area.

CLEANING:

Clean tools with water immediately after use.

STORAGE & SHELF LIFE:

Up to 12 months when stored in the original, unopened packaging, in a dry place at 23°C and 50% relative humidity.

LIMITATIONS:

Prolonged exposure to surfaces, particularly paint and steel may result in damage.

If your project requires Building Consent, please email info@cemix.co.nz about the suitability of this product before use.

Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

DANGER

HAZARD STATEMENT(S):

Causes skin irritation. Causes serious eye damage.

SAFETY INSTRUCTIONS:

Wear protective gloves, protective clothing, eye protection and face protection. Wash all exposed external body areas thoroughly after handling.

RESPONSE:

IF IN EYES: Rinse cautiously with water for several minutes.
