

MORE THAN CONCRETE

CEMPLUS

CONCENTRATED PLASTICISER FOR MORTAR AND PLASTER

AVAILABLE SIZES: 1L, 2.5L, 5L, 20L & 210L

SCAN FOR DETAILS

DESCRIPTION

CEMIX® CEMPLUS is a very active non-staining liquid which readily mixes with water to improve the workability and adhesion of cement mortar and plaster. This product eliminates the need for hydrated lime, but can be used with lime if required. A great masonry aid for laying bricks, concrete blocks and stone. Absolutely essential for solid plastering.

TYPICAL APPLICATION/USES

To improve the workability and adhesion of cement mortar and plaster. Eliminates the need for hydrated lime, but can be used with lime if required.

ADVANTAGES

- Greater plasticity
- Increases bond strength
- Quicker application
- Easier workability
- Cleaner work, less droppings
- Easier ruling off
- Reduces cracks and crazing
- Cuts costs – increases productivity
- Eliminates need for lime
- Reduces water absorption
- Resists freeze – thaw damage
- Economical – fraction of the price of plasticising paste
- Helps prevent efflorescence

APPLICATION

For normal soft sand, add up to 80 millilitres of CEMIX® CEMPLUS per 40kg bag of cement. For harsh, sharp or gritty sand up to a maximum of 120 millilitres per 40kg bag of cement may be required. It is important not to use too much CEMIX® CEMPLUS

as this will cause over aeration which will weaken the mortar. Mix the sand and cement in the desired amounts. Add CEMIX® CEMPLUS to the mixing water proportionate to the above dosage and add to the mixing bowl. The more the mix is worked the fatter it becomes. Accurate measuring is essential as too much CEMIX® CEMPLUS will affect the mix. Use less rather than more.

PACKAGING

1L, 2.5L, 5L, 20L (plastic pail or jerry can) and 210L drum.

STORAGE & SHELF LIFE

Can be stored in its original container with lids tightly sealed in a cool place away from direct sunlight for a period of twelve (12) months after production.

CLEANING

Clean all tools with water & brush immediately after use.

TECHNICAL DATA

APPLICATION TEMP	5°C - 30°C
APPEARANCE	White

The data shown above reflects typical results based on laboratory testing under controlled conditions. Reasonable variations may occur on site.

If medical advice is needed, have product container or label at hand. Read label before use. Keep out of reach of children.

WARNING

HAZARD STATEMENTS

- Causes skin irritation
- Causes serious eye irritation
- Toxic to aquatic life
- May cause long lasting harmful effects to aquatic life

PREVENTION

- Avoid release to the environment
- Wear protective gloves/protective clothing/eye protection/face protection

RESPONSE

- Take off contaminated clothing and wash before reuse
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
- If eye irritation persists: Get medical advice/attention
- IF ON SKIN: Wash with plenty of soap and water
- If skin irritation occurs: Get medical advice/attention

STORAGE

- Not applicable

DISPOSAL

- Dispose of contents/container in accordance with local regulations
